We've changed our name! Bardstown Cable
TV & Internet is now Bardstown Connect

GOT QUESTIONS?

We've got answers.

Do You Have a New Website?

Yes - it's www.bardstownconnect.com

Why Did You Change Your Name?

As technology evolves, the physical hardware of TV and internet changes. We offer more than the traditional cable TV experience, since you can watch your game on your phone, you can download our app and watch your local channels while you are on vacation, and you can connect to coworkers and classmates online. We recognize that our service is more about connecting people – connecting for work, for entertainment, for school – and connecting anywhere. Our service priority is to offer the fastest, most reliable connectivity. Since the core and focus of our service is connectivity, we have changed our name to Bardstown Connect.

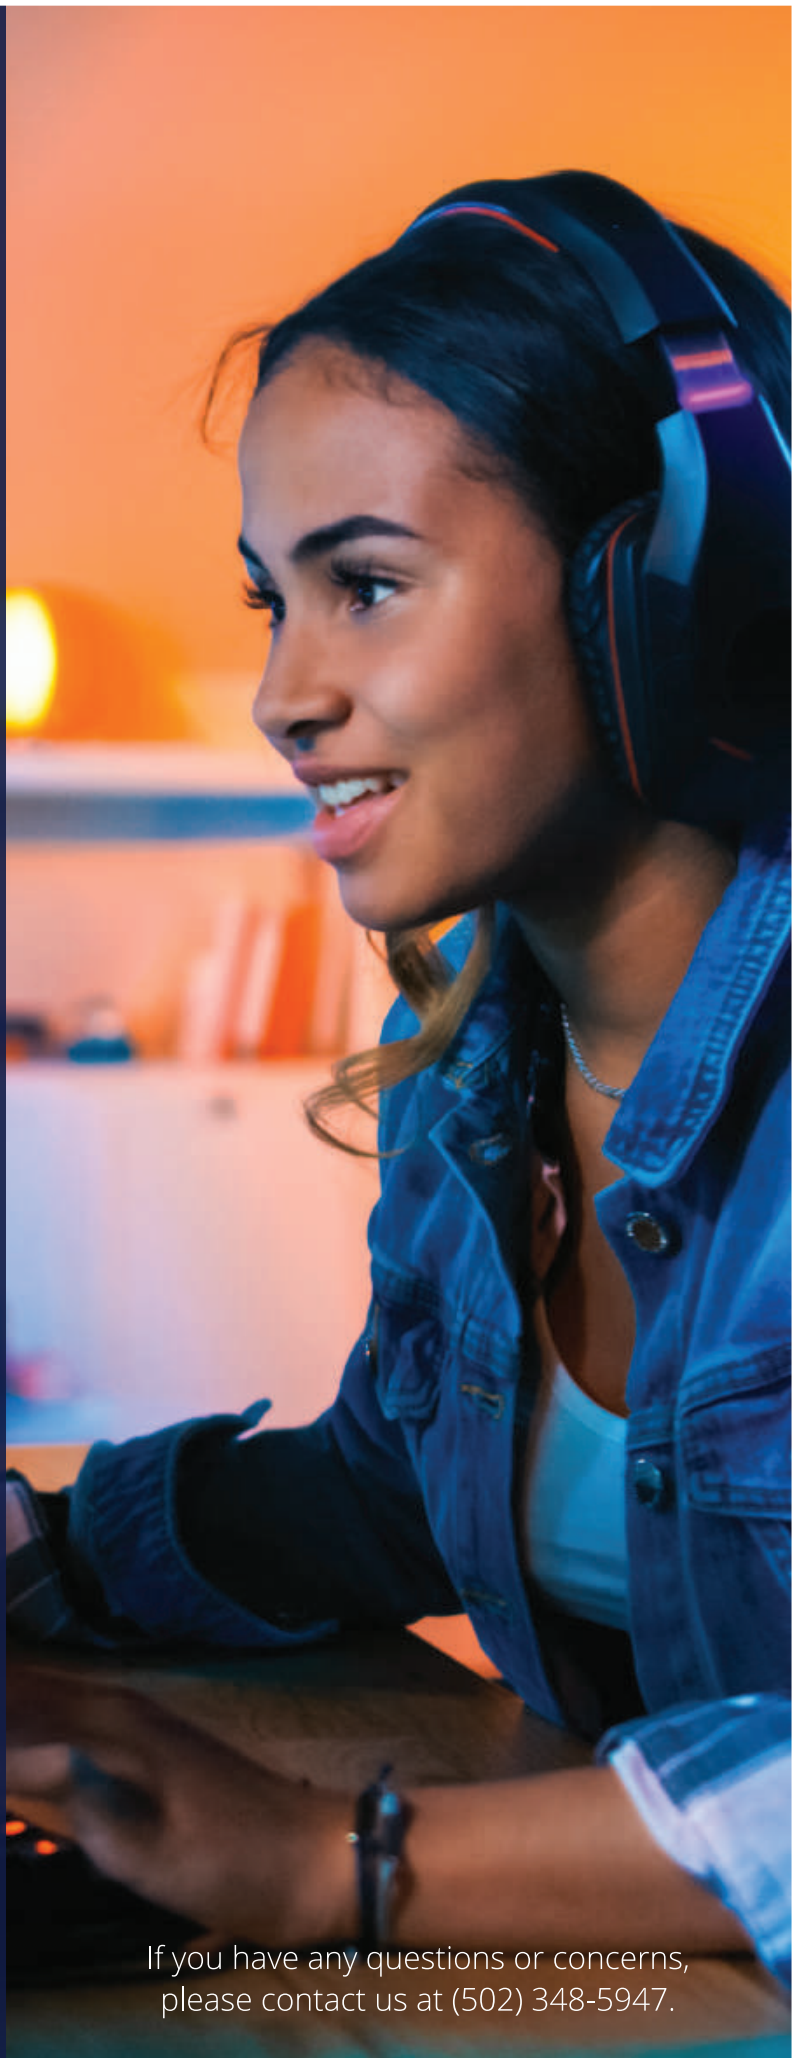

Will My Email Address Stay the Same?

Yes. If you already have a @bardstowncable.net email address, it will stay the same. If you get a new email address, its domain will be @bardstownconnect.com.

Are You Still Owned By the City of Bardstown?

Yes. We were not bought out. We just changed our name and logo. Your services will stay the same and you will still pay your bill to the City of Bardstown.
